NO SUNDAY MAIL DELIVERIES

General Delivery Windows to Be Closed After May Fifth.

WHARTON ISSUES THE ORDER

Persons Expecting Letters Must File Descriptions of Them Saturday Afternoon When They May Be Had at Window.

Beginning Sunday May 5, general delivery windows will be closed on Sundays. The general delivery patrons of the post-office receiving the same service as carrier patrons. The order to close the general delivery windows on Sundays is issued by Postmaster John C. Wharton.

Any general delivery caller who expects an important letter may secure delivery, however, by calling at Window No. 11, the office of the assistant superintendent of city delivery before 3 o'clock the Saturday previous. He will be required to leave a description of the letter with the clerk at that window.

Window No. 11 will be opened from 10 o'clock Sunday mornings for delivery of letters for which proper arrangements have been made the Saturday previous.

HISTORY TEACHERS MEET HERE FRIDAY TO ORGANIZE

History teachers of the state are to meet in Omaha Friday and Saturday of this week, where they hope to perfect an organization. The business meeting will be held in the library room at the high school building.

In addition to the business meeting of the history teachers who are pioneering in this movement, there will be a number of enjoyable features. Friday evening there will be a dinner at the Paxton hotel, at which Prof. Hart of Harvard university will be the guest of honor.

At this meeting the professor will talk on China. Prof. Flint of the University of Nebraska will read a paper and Miss Wright of the Omaha high school will deliver an illustrated address.

Crop Conditions Improving Since the Recent Rains

The Burlington's crop report for the week ending April 27, the data for which was gathered prior to the heavy rains of last Saturday and Sunday, indicates a most satisfactory condition throughout a greater portion of Nebraska, so far as winter wheat is concerned. Having a full crop upon a percentage of 90, on the different divisions of the road the estimate at the date of the report was as follows:

Omaha division, 90; Lincoln, 87; Wymore, 86; McCook, 88 per cent.

Since last Saturday, the divisions of the road have all been visited by rains that have been from one-half to nearly four inches.

At the time of securing the data for the report the bad showing made on the Wymore division was due to the fact that the ground had been very dry and the heavy winds had blown the soil away from the roots of the growing winter wheat. Since then, the rains have revived the plants that were supposed to have been badly injured, until the grain is said to be about as promising as elsewhere in the state.

The crop reports show that oats are all sown and growing rapidly while plowing for corn is well under way.

The season is marked down as being about two weeks late, but this is considered favorable to everything but pastures. It is contended that the cool weather has held the fruit back and that there is little danger of it being injured by frosts or freezes.

While the pastures have been backward it is said that the grass is growing rapidly on account of the abundant moisture and that animals on the range are doing well.

Counterfeit Dollars buy trouble, but a genuine quarter buys Dr. King's New Life Pills for constipation, malaria, headache and jaundice. For sale by Boston Drug Co.

...THE... FIRE SALE

The big Sale of the Famous Suit & Cloak Co. Will Start

SATURDAY, May 4

Owing to the enormous size of the stock carried by The Famous, it will be necessary to place on sale the Ladies' Suits and Coats and Wool Dresses first. We want to say that this stock comprises all the latest and newest modes that are up to the minute—some are slightly soiled and mussed, but the bulk is in fine condition. The Chance of a Life Time to secure a fine suit or coat at—well, nearly for nothing, as we must move the stock quickly.

Silk, Parties, House and Graduation Dresses will be placed on sale later.

Raphael-Pred Co.

Reasons Why!

Guy Liggett Tells Why the Pantorium is Omaha's Biggest And Best Cleaners.

15 YEARS CONTINUOUS GROWTH

When I started working for the Pantorium fourteen years ago the Cleaning and Dyeing business was in a very crude state of development. Cleaners were just beginning to use gasoline for cleaning purposes, but there was no machinery and no method of recovering the used gasoline.

Today every Cleaning and Dyeing concern that pretends to be of any consequence at all has a modern plant, equipped with labor-saving machinery and appliances.

Although wages, supplies, rents, etc., have increased 50 per cent to 100 per cent during the past fourteen years the cost for cleaning your clothes has not advanced at all, due to the introduction of improved methods and machinery.

From the very start I have made a study of the Cleaning and Dyeing business, reading everything I could find on the subject, visiting and talking with cleaners in other cities and great doing overalls and working for weeks at a time in both the Cleaning and Dyeing departments in order to get a practical as well as theoretical knowledge of the business.

The knowledge gained has been a great help to me in feeling that our customers got first class work, also it has enabled me to select assistants who were competent, and to know when they were not doing their work as they should.

The Pantorium has bought every new machine and adopted every new method that has been put on the market to aid the cleaner, and out of all this mass, we have selected for our big plant those machines and methods that have proven to give the best results. Our plant today is one of the largest and best in the U. S., and the work turned out is not surpassed in any city.

Isn't it reasonable to suppose that with my fourteen years' experience and study, with a perfectly equipped plant and 50 or 60 trained employees that we can do better work than less experienced concerns? Well, we can and do do better work, and more of it, than any other two places in Omaha.

Send us your work, whether home furnishings or wearing apparel, and we will do it properly, promptly and at reasonable prices. We guarantee satisfaction.

Phone Douglas 960 or Ind. A-3168 and a wagon will call.

BENNETT'S

We Sell Pictorial Review Patterns Because They are the Best Patterns Made.

The Purchase of Suits Was a Very Large One

The Savings to You Are a Fourth to a Third

These large purchases are always a source of great satisfaction to Omaha women and they come about through our always being able to take advantage of the conditions that force manufacturers in mid-season to let their surpluses go at fractions of the actual value. Instead of paying a full price for your suit, as you expected, you save enough to complete your wardrobe for the sum that ordinarily suffices for the suit alone. In each lot are sizes for women and misses and styles to please various fastidious tastes.

Every suit is built along only correct lines. The plain tailored models are especially noteworthy, showing snug-fitting collars, high effects in the back, skirts in perfect harmony with the coats, new ideas in the cutting. Any alterations, that may have to be made are in charge of expert fitters, man tailors and pressers.

Here's an idea of the price part:

For plain tailored and novelty serge suits in black and navy, values from \$15.00 to \$18.00.

\$9.95

For suits of Scotch mixtures and coarse tweeds in smart, plain tailored effects; \$22.50 and \$25 values at

\$14.95

For novelty and plain tailored cream-white, plain colored and fancy mixture suits; \$25.00 to \$35.00 values at

\$18.95

Jewelry

A special purchase of 250 and 500 jewelry novelties including bar pins, brooches, La Vallieres, belt pins, the plain, cuff links, and other novelties goes on sale Wednesday at 5c for your choice.
